

Entrepreneur Development Programme

Tiruchy: 'You Can Be An Entrepreneur', a one month Entrepreneurship Development Programme is organised by the Entrepreneurship Development Institute, Chennai, Government of Tamil Nadu Ministry of Micro, Small and Medium Enterprises, Government of India and the National Institute of Micro, Small and Medium Enterprises, Hyderabad was launched at MAM College of Engineering, recently.

The programme focuses on training 50 Scheduled Caste (SC) students, 25 each from Perambalur and Ariyalur districts who aspire to become an entrepreneur. The participants would be trained in various entrepreneurship values.

Dr Dareez Ahmed, Perambalur District Collector, outlined that a successful entrepreneur is the one who meets the present demand through creative ideas.

Dr Dareez Ahmed, illustrated with a suitable example of a person in front of the Collectorate who earns ₹2000 a day by helping the petitioners to write their petitions. ENS

Tiruchy Dist GHs Lead in HMS Strike Rate

by Sukanya Chellappa

Tiruchy: Tiruchy District aces in the strike rate of the Hospital Management System (HMS), the software that generates the patient details on an everyday basis at Government Hospitals (GHs) that have been computerised by the Department of Health and Family Welfare across the State.

HMS was first rolled out in the 36 GHs in five districts of Kanyakumari, Krishnagiri, Dharmapuri, Pudukkottai and Theni as part of the Phase I programme in June 2008. In Phase II, it was extended to 222 GHs in 22 Districts. In the remaining eight districts, it is likely to be commissioned by June.

Of the nine GHs in Tiruchy District, HMS had been commissioned at eight GHs in Srirangam, Musiri, Thuraiyur, Oomandur, Manachanallur, Thuvarangurichi, Thottiyam and Lalgudi in January 2011. The remaining one GH at Mannapparai would soon be computerised as the construction of a new GH delayed the commissioning of HMS at Mannapparai.

With regard to the strike rate, Tiruchy District is followed by Thanjavur in the

Computerised OP slips issued at the Srirangam GH | MK Ashok Kumar

second place and Tiruvarur and Kanyakumari, in the third place. "The overall strike rate has been taken into account by the virtual records maintained by the Doctors and the wards of Pharmacy, Medical Laboratory and In-Patient (IP) at the respective GHs," said Bharathiraja, IT Co-ordinator, Tamil Nadu Health System Project, Tiruchy.

HMS enables the staff at the Out Patient (OP) ward to register the details of the

patients at the OP ward such as Name, Age, Sex, Department such as Dental, General Medicine, etc. Subsequently, a PIN Number and OP Number is generated and given to the patient, instead of the issuance of the OP token as per the old system. The patient could visit the GH with this PIN Number that could be availed at any time and at any GH across the State.

After the registration, the patient, consults the doctor

with the respective allotted PIN Number. Subsequently, the doctor, receives the information of the patient through the intranet in his system.

The case sheet, is then registered in the computer and the complete findings including the surgical procedures and medical investigation required and pharmaceutical prescription are recorded on the computer by the respective doctor. Soon after, the doctor's pre-

WHAT IS HMIS

The Health Management Information System (HMIS) was launched across all the GHs that helps to garner monthly reports on four broad categories such as Clinical Information System, Buildings, Vehicles and Personnel. The Clinical Information System comprises Institutional Services Monitoring Report (ISMR) and CEMONC that involves data of CEMONC centres (Maternity Details). The Building category involves generation of reports such as construction and maintenance of buildings in the GHs and the Vehicle category involves the number of ambulances operated and other transport related details. The Personnel category involves the details of all the staff at the GHs.

scription is disseminated to sections such as Pharmacy and Medical Laboratory. In case of any injection that needs to be administered to the patient, it instantly, lands up at the Injection OP section.

The In Patient (IP) details are also done in the similar way by the staff.

The strike rate in the Tiruchy GHs is contributed to the interest and dedication of the staff, particularly, the doctors, the competent

IT training imparted to the staff and good internet connectivity provided by BSNL. "Even if there is a problem in the connectivity, BSNL ensures that the problem is addressed in about one hour" added Bharathiraja.

The core aim of this project remains that every data is recorded online and eventually, reach a cent percent strike rate across the State.

"The data goes to the Central Headquarters in Chennai," said Dr T Mohanasundaram, Joint Director of Medical and Rural Services, Tiruchy. Mohanasundaram explained that the data would help to retrieve the case history of the patient anytime, analyse the output of every doctor at the GH, patient turn out and other micro details which could be sourced out for future research and efficient administration and management of the GHs.

HMS would soon be extended to the Medical College Hospitals across the State and as a first step, it is likely to be commissioned at Madras Medical College Hospital and Thanjavur Medical College Hospital. Later, it would be commissioned at all the Primary Health Centres (PHC) across the State.

Religious Fervour Marks Mahasivaratiri

Express News Service

Tiruchy: Scores of devotees thronged the temple as Mahasivaratiri was celebrated with great religious fervour at all the Sivan temples including the Sri Jambukeswarar Akhilandeswari Temple at Thiruvanaikavil in the district.

According to mythology, Lord Siva declared that the rituals performed by his devotees on the 14th day of the dark fortnight in the month of Maasi would appease him. Therefore, every year, the day is observed as Mahasivaratiri.

On Mahasivarathiri, the

Maha Chandi Yagna performed in view of Mahasivarathiri at Sri Bhagawan Nama Prachara Manadali in the city | Express

devotees observed fast and keep a vigil in the night. Wilva leaves, flowers and garlands were offered to the

Siva Lingam at various Sivan temples by the devotees. As part of the Mahasivarathiri celebrations, Sri Jam-

bukeswarar Akhilandeswari Temple at Thiruvanaikavil held a special 'Naalu Kala' pooja. Of the 'Pancha Bhootha' or five elements, Sri Jambukeswarar Akhilandeswari Temple is one of the five Sivan temples that signifies water and hence constitutes an important Sivan temple.

Poojas were held through the entire night without the temple being closed. It was held in four phases from 6 pm-9 pm, 9 pm-12 am, 12 am-3 am and 3 am-6 pm. Later, the idol was taken on a procession at the 'Nan-gaam Pragaram' of the temple today at 4 am.

Dance and other music programmes were also held at the temple premises. Rituals were conducted strictly in accordance with as prescribed in the Siva Puranam wherein poojas have to be conducted once in every three hours on Mahasivaratiri.

It is believed that the devotion to Lord Siva on Mahasivaratiri would expiate the devotees from their past sins as they would be liberated from the cycle of birth and death. Mahasivaratiri, was also predominantly observed by women to appease Lord Siva and his consort, Goddess Parvathi.

Express News Service

Ariyalur: Former Deputy Chief Minister M.K. Stalin unveiled the statues of Periyar, Anna and K.S. Ganesan, former Jayamkondam MLA, at T Pazhur on Monday.

Speaking on the occasion, Stalin called upon party members to extend their cooperation for the successful celebration of the centenary of Dravidian movement.

He said during the DMK regime in 2010 the foundation stone was laid for the

construction of a bridge between Madhanathur and Neelathanallur.

Once the construction was over, the bridge link the districts of Thanjavur and Ariyalur.

Expressing satisfaction over the progress of the work, Stalin said if the construction was delayed for any reason, the DMK would launch an agitation.

Stalin said the people who had voted for the AIADMK were disappointed with the rise in the prices of milk, bus fare and other commodities.

Plea for Free Power to Village Temples

Express News Service

Ariyalur: The District Village Temple Poojaris Federation, at its general council meeting held on Sunday, wanted free electricity supply for rural temples.

A resolution to this effect was passed at the meeting held under the Federation's District Organiser Balusamy.

The Federation also wanted inclusion of its members in the Village Temple Wel-

fare Board, action against the encroachers of temple land, government assistance to the families of indigent poojaris and renovation ancient temples.

VHP District President K.Thyagarajan delivered a special address. Federation's union organisers Saminathan (T Pazhur), Periyasamy (Jayamkondam), Selvaraju (Ariyalur), Murugan (Andimadam), Thangaraju (Jayamkondam) and others participated.
